DETAILED BACKGROUND:

Firehouse Subs Public Safety Foundation has provided the school district with 15 automatic external defibrillators (AEDs). This program was made possible through their AED fund that provides devices to first responders in communities throughout the country. New units will replace existing AEDs that are approaching the end of their useful life. In total, the district owns and maintains 28 AEDs. Within the past 5 years, this life-saving device was deployed and helped save one life at Kennedy Activity Center and another life at Jefferson High School.
